

Good morning (afternoon). Thank you very much for the opportunity to come all the way from Mexico -representing **Juan Cardinal Sandoval Íñiguez**, to share with you in this **Prayer Day**, his vision of Our Mother's journey in the past centuries.

The full document entitled:

**"MOTHER AND LADY OF ALL NATIONS:
CO-REDEMTRIX, MEDIATRIX AND ADVOCATE ...
FROM TEPEYAC TO AMSTERDAM "**

is too large for reading it completely and being translated at the same time, so I assume you all have heard about the apparitions of **Our Lady of Guadalupe** to the indigenous visionary name **Juan Diego**, who was canonized by St. John Paul II, July 31, 2002.

From then until now, 487 years have passed in which, in an ever-increasing way and in varied forms, responding to specific historical situations, she has wanted to manifest herself in an extraordinary way, just as she did in **Tepeyacac** (original name of the small hill close to México, city where she appeared), but under other circumstances and different needs of her children, in the order of grace.

Recalling that from then -16th century to date, there are 9 recorded Marian apparitions approved by the Church - obviously starting with those of the Most Blessed Virgin of Guadalupe- and 11 others authorized by the local churches as divine revelation allowing their worship including only the following:

- **Our Lady of the Miraculous Medal** (1830)
- **Our Lady of La Salette** (1846)
- **Our Lady of Lourdes**, in (1858)
- **Our Lady of the Rosary in Fatima**, Portugal (1917).

And, of the **11 Marian** apparitions authorized by local churches that are known, we will focus only on two:

- **The Lady of All Nations**, and
 - **The Lady of Akita**.
- Of which you all are pretty well aware and informed.

Summary:

1. She, our **Mother** in the order of grace, is still **alive, present** and **active** from Tepeyac -where is the only miraculous stamping remains without deterioration on the tilma, to the 101 blood-lacrimations in Akita, being a faithful reproduction of the image of The Lady of All Nations kept in Amsterdam.
2. Her messages have responded to concrete historical situations, showing her permanent maternal care, in perfect fulfillment of the commission given to her as a posthumous testament from her divine dying Son at the foot of the cross.
3. Remaining in the context of the history of the past almost 5 centuries, is a growing concern of where things are heading in the world, from showing her concern for an

indigenous people on the verge of extinction and violently dominated, to achieve the most transcendental acculturation of the Church in that time, up to the present extraordinary manifestation of her pain and distressing call for conversion, that only a Mother who weeps blood can express.

4. The invitation to build "her little house" where to show-Him and give-Him with all her love, continues to be a key theme throughout the centuries: new temples and basilicas built in her honor -many of them at the request and precise specifications given by Her, in which she has always shown irrefutable corroboration with miracles of physical and spiritual health.
5. The frequency of her extraordinary manifestations and the tone of her messages, are showing an increased tone in the gravity of the world situation; definitely things are not going well, humanity keeps straying from the Way, the Truth and the Life that is her divine Son, our Lord Jesus Christ.
6. The invitation to conversion, penance, and prayer is ever more pressing, always resorting to showing and demonstrating it through the miracles performed by Her and in Her name, leaving no doubt that it is from the One and Triune God, who through her is making these urgent calls.
7. Her prophecies and predictions, which continue to be fulfilled to the letter, are ultimately the posthumous effort of a Mother for her children who having hardened their hearts, do not respond to the gravity of the situation, despite her frequent calls and serious warnings, and of having lived the disastrous consequences of fratricidal struggles -in the material and spiritual order, of the past 2 world wars and of the current confrontations between countries and geopolitical regions with increasing dangerous tensions.
8. This is evidenced by **HH Pope Francis** who said on September 13, 2016, when he warned that "*at present we can speak of a third World War fought in stages, spurred by spurious interests such as greed and allowed by a kind of Cain-like indifference that has already allowed the atrocities of the past*".

From all the fore-mentioned it is inferred that She, our spiritual **Mother Coredemptrix, Mediatrix and Advocate** feels and transmits a great urgency for the proclamation of this **5th Marian dogma**, so that through the explicit recognition by His Holiness Pope Francis, She can act in an extraordinary way -once again, not only in favor of the conversion of 7 million indigenous people as it happened once in Tepeyac, but of the conversion of the entire world composed now of 193 countries where close to of 7.35 billion inhabitants dwell, to the values of the kingdom -respecting the different sociocultural and religious manifestations and differences so that a new era of peace and prosperity may come, from the Triumph of Her Immaculate Heart.

“This conviction has led me -quote and quote of Cardinal Sandoval, to prepare and send in August of last year, a personal letter to all the Cardinals, Archbishops and Bishops of Latin America, Spain and Portugal (in Spanish), and to the Rest of the World -who to date do not know of or have not responded to the call to prepare their letter addressed to the Pope- to join the 570 pastors who have done so in the past, requesting him in humility and

obedience, this fifth dogmatic crown to be placed on the head of such a sweet and compassionate Mother.

I'd like to add a personal comment to report an impressive result of such wonderful love action of Cardinal Sandoval: Till today he has received copy of letters of support addressed to the Pope from 15new pastors from different countries becoming a total of 585. Needless to say, the importance of continuing praying with the hearth the **Lady of All Nations** pray She thought being spread and known all over the world.

Thanks again, let's keep united in pray and action for the 5th dogma.
